

## 12 Word Recovery Phrase (Seed Phrase Backup)

Your secure guide to storing a 12 word seed phrase safely.

A **12 word recovery phrase** (also known as a **seed phrase** or **mnemonic phrase**) is the most important backup for your crypto wallet. If you lose access to your device or wallet, you can restore it using this phrase. Keep this **wallet recovery phrase** offline and never share it with anyone. Below is a printable template to write down your 12 words.

| No | Word |
|----|------|
| 1  |      |
| 2  |      |
| 3  |      |
| 4  |      |
| 5  |      |
| 6  |      |
| 7  |      |
| 8  |      |
| 9  |      |
| 10 |      |
| 11 |      |
| 12 |      |

### Instructions for Safe Storage:

- Write your **12 word seed phrase** clearly and double-check spelling.
- Store it offline (never in email, cloud, or notes apps).
- Use a **metal backup** for extra durability against fire and water.
- Never share your **crypto recovery phrase** with anyone.
- Keep multiple secure copies in different locations.
